

## Winona County Minor Alcohol or Controlled Substance Offense Education Class

This is a 2 hour education class for juveniles that addresses the health related, legal, social and other risks and consequences of underage or illegal substance use or abuse. Mandatory participation by one or both parents of each child is required in the second hour of the two hour class.

This class is presented by a licensed chemical dependency counselor with experience providing substance abuse treatment services to adolescents.

**SCY Center will be open:  
Tuesdays and Thursdays  
8:00 am – 7:00 pm**

Mental Health Center

*Evidence based mental health, substance abuse and  
integrated treatment services, supports and interventions  
for youth and their families*

## Assessment, treatment, therapy and intervention with a focus on adolescents, their immediate and extended family members and other people important for their recovery and ongoing maintenance of healthy lifestyles

Upon our children - rests the fate - or  
fortune - of tomorrow's world...BC Forbes

### SCY Center

(Supporting Community Youth)

SCY Center was opened to better serve our youth in a treatment setting that is welcoming and comfortable for teens, their parents, siblings, and other supportive people in their lives.

It is conveniently located in downtown Winona, serving clients from Winona, Wabasha, Houston, La Crosse and surrounding counties and their communities.

### Youth and Family Focused Services and Programming at SCY Center:

- Adolescent substance abuse and mental health assessments
- Adolescent substance abuse treatment and therapy – individual and group
- Adolescent substance abuse/mental health integrated treatment and therapy to treat co-occurring needs and illnesses – individual and group
- Adolescent and Family Groups will be held:  
Tuesdays 5:30-7:30 pm.
- Family assessments designed to support the identified youth, or his/her parents, siblings and extended family members
- Family treatment and therapy – single family, multiple families or parents
- After care or support groups for teens and parents
- Mentoring for youth new in recovery by peer mentors
- Family education on substance abuse issues affecting the health and recovery of their teen.
- **Community Outreach:** Within the school and community
- **DUI/Minor Consumption Classes:** Classes are available for 8, 12, and 16 hour sessions
- **Crisis counselors:** Counselors are available for emergencies 24 hours a day
