## Instructions for First-time iPhone Installation

1. Please ensure that your device has the ability to install Teams and use the Camera. (Some older iPhones cannot download Teams).

2. You must not have your text settings on your phone too large or you will not see the buttons in Teams for video, mic, audio and Join Now.

3. Click the link from your email to Join Meeting.

4. If not automatically prompted to download the app, go the app store and download the Microsoft Teams App. Type "Microsoft Teams" in the App search field. Once you find Teams, click "Get."

5. After installing Teams, go back to your email and click the "Join Microsoft Team Meeting" link in the email. You will be prompted by Teams to allow access to your Mic. Please Click **OK.**

6. Then click "Join as a Guest."
